I have been training circus since 2010 when I was 10 years old and have first and foremost always loved being a part of the circus community. I was in the Youth Performance Troupe at Sydney Trapeze School where I performed in many school and community performances as an acrobatic base, a juggler, and a flying trapeze catcher. Three years ago I decided to focus in on partner acrobatics and stunt performing and train full time.

In that time I have been training continuously at Krav Maga Global, Sydney Indoor Climbing Gym, Stunt Action Consultants, and AAPES Parkour, where I also work as an instructor.

I have completed a high fall workshop with Chris Anderson, and have attained a grading of Stunt Action Person, in October of 2020
